THE BOARD OF SUPERVISORS OF THE COUNTY OF PLACER, STATE OF CALIFORNIA, DOES HEREBY ORDAIN as follows:

Section 15.90.000 Declaration of findings

The County has experienced rapidly increasing median rents and median housing prices. These increases will continue to perpetuate and exacerbate the shortage of workforce housing. It is essential and necessary for the preservation and maintenance of the Placer County community to ensure the provision of housing within the Tahoe-Sierra region, which serves both year-round and seasonal employees. Recognizing that new office, recreation, industrial, resort, commercial and residential development generates additional employment and consistent with the desire to have new development mitigate housing impacts attributable to such development, the County finds it necessary to require new development to provide a fair share of affordable workforce housing. Maintaining permanent and long-term housing in proximity to the source of employment generation serves to maintain the community, reduce traffic congestion, and minimize impacts on the environment and neighboring communities. Housing must be affordable to the local workforce in order for the economy to remain stable.

The County of Placer declares that the County's workforce employed in the Tahoe/Sierra area with moderate, low, and very low incomes are experiencing a housing shortage. Whereas the goal of the County is to achieve a balanced community with housing available for households of all income levels, there exists a shortage of housing that is affordable to the County's workforce in the Tahoe/Sierra area. Federal and state housing subsidies are not sufficient by themselves to satisfy the housing needs of these households. The County finds that the housing shortage for the workforce of moderate, low, and very low incomes is detrimental to the public health, safety, and welfare.

Therefore, to implement the County General Plan, to carry out the mandates of state housing element law, to include an additional method to help meet the regional fair share housing requirements, and to ensure the benefits of economic diversity to the residents of the County, and provide adequate housing for the workforce in the Tahoe/Sierra area. It is essential that new development provide housing opportunities for all income levels, and that the County provide a regulatory and incentive framework which ensures development of an adequate supply and mix of new housing to meet the future housing needs of all income segments of the community. It is the intent of this ordinance to seek the construction of the housing units on-site whenever it is feasible to do so.

Section 15.90.010 Purpose and intent

This chapter is intended to assist in the provision of workforce housing for persons of moderate, low and very-low income in the Tahoe Sierra region. The Tahoe Sierra region is defined as the portions of Placer County that have an elevation of 5,000 feet or greater (above Blue Canyon). Public housing programs and housing subsidy programs can meet only a small portion of the need for low and moderate income housing. Much of the housing need in the region is generated from tourist-based industries, which do not provide a wage that is sufficient to cover the cost of market rate housing. This program is designed to promote a full range of housing choices, to require construction and continued existence of affordable workforce housing, to provide for a program of incentives and local public subsidy, and to implement the Housing Element of the County's General Plan.

Deleted: an adequate wage for the extremely high housing costs

Section 15.90.020 Definitions

Unless the context clearly requires otherwise, the definitions in this section shall govern the provision of this article.

"Affordable" means rented at an affordable rent or sold at an affordable ~~housing~~ price.

"Affordable rent" for a unit whose occupancy is restricted to a very low-income household means that the monthly rent, including utilities and all fees for housing services, shall not exceed thirty percent (30%) of income for households earning fifty percent (50%) or less of the median income, or for a unit whose occupancy is restricted to a low income household means that the monthly rent, including utilities and all fees for housing services, shall not exceed thirty percent (30%) of income for households earning fifty-one percent (51%) to eighty percent (80%) of the median income, as defined herein. Affordable rent shall be based on presumed occupancy levels of one person in a studio unit, two persons in a one-bedroom unit, three persons in a two-bedroom unit, and one additional person for each additional bedroom thereafter.

"Affordable sales price" means the maximum purchase price that will be affordable to very low, low, and moderate-income households as defined herein. In setting the affordable sales price, realistic assumptions regarding down payment, mortgage interest rate and term will be required and those assumptions must demonstrate that targeted income families can reasonably qualify. If evidence is presented which shows to the satisfaction of the County that targeted income buyers can qualify for financing even though the percentage of their income allocated to housing is higher than thirty percent (30%), then a corresponding increase may be approved in the affordable sales price. Affordable sales price shall be based upon presumed occupancy levels of one person in a studio unit, two persons in a one-bedroom unit, three persons in a two-bedroom unit, and one additional person for each additional bedroom thereafter.

Deleted: T:\CMD\CMDP\CINDY\Housing Ordinance\6th Draft Employee Housing.doc

"Affordable units" means and is limited to those dwelling units which are required to be rented at affordable rents or purchased at an affordable sales price to specified households as described in this article.

"Annual household income" means the combined gross income for all adult persons living in a dwelling unit as calculated for the purpose of the Section 8 program under the United States Housing Act of 1937, as amended, or its successor.

"Board" means the Placer County Board of Supervisors.

"Building permit" means a permit issued pursuant to Chapter 15 of the Placer County Code.

"By-Right" [The proposed use is permitted in the subject zone district provided the project complies with the standards established in the Zoning Ordinance. No additional entitlements \(i.e. Use Permits\) are required.](#)

"Commercial development" is development built with the intent to engage in business activities. Such activities include: commercial – service and retail, industrial, office, recreation, transient lodging, and timeshares.

"Construction costs" means the estimated cost per square foot of construction, as established by the building department for use in the setting of regulatory fees, multiplied by the total square footage to be constructed.

"County RDA" means the Placer County Redevelopment Agency.

"Discretionary permit" shall include use permits issued pursuant to Chapter 17 of the Placer County Code, and the approval of tentative, final or parcel maps pursuant to Chapter 16 of the Placer County Code.

"Dormitory" means a building or room providing sleeping quarters for a number of people. [Each unit in a dormitory shall be readily accessible to adequate kitchen facilities and/or regularly scheduled meals shall be provided in a common dining facility.](#)

"Dwelling unit" shall have the meaning set forth in Section 17.03.010 of the Placer County Code.

"Employee" full time equivalent as defined by working 36 hours or more per week.

"Hearing Body" this shall refer to the [Design/Site Review Committee](#), Zoning Administrator, Planning Commission, or the Board of Supervisors. The Planning Director shall serve as the hearing body for projects which are allowed "by-right".

Deleted: T:\CMD\CMDP\CINDY\Housing Ordinance\6th Draft Employee Housing.doc

"Infeasible" A project is considered to be infeasible if there are insurmountable physical site constraints, insufficient infrastructure, or inadequate access to urban services and/or transportation facilities.

"Low income households" are those households with incomes of up to eighty percent (80%) of median income, or as set out in Health & Safety Code Section 50093.

"Market rate units" means dwelling units in a residential project, which are not regulated as affordable units.

"Median income" means the median income, adjusted for family size, applicable to Placer County as published annually pursuant to Title 25 of the California Code of Regulations, Section 6932 (or its successor provision) by the United States Department of Housing and Urban Development.

"Moderate income households" are those households with incomes of up to one hundred twenty percent (120%) of median income, or as set out in Health & Safety Code Section 50093.

"Monthly owner-occupied housing payment" shall be that sum equal to the principal, interest, property taxes, utilities, homeowner's insurance and homeowner's association dues paid on an annual basis divided by twelve.

"Planning commission" shall mean the Placer County Planning Commission.

"Planning director" means the director of the Placer County Planning Department or the designee of said director.

"RDA" shall mean the county's Redevelopment Agency.

"Residential project" means a proposed residential development or subdivision of land, including condominium and timeshare projects, an un-subdivided manufactured home park, or the construction or rehabilitation of any dwelling units for which a building permit or discretionary permit is issued by the county.

"Section" unless otherwise indicated, means a section of the Placer County Code.

"Soft Costs" means the indirect costs attributed to a project including, but not limited to, architectural services, engineering and surveying, legal fees, administration, marketing, appraisals and insurance.

"Substantial rehabilitation" means rehabilitation of existing dwelling units, the value of which constitutes twenty-five percent (25%) of the after-rehabilitation value of the dwelling, and which results in rent restrictions for those existing dwelling units to insure that they will remain available at affordable housing cost to persons of moderate, low, and very low income for the longest feasible time.

Deleted: ; provided, however, that residential project shall not include (1) the construction of any dwelling unit for which the construction costs do not exceed fifty-five thousand dollars (\$55,000), or (2) the rehabilitation of any dwelling unit for which the construction costs do not exceed fifteen thousand dollars (\$15,000). ¶

Deleted: , but not less than the period of the land use controls established in the redevelopment plan

Deleted: "Targeted income families" means those households that meet the classification as moderate, low and very low income households as defined in this ordinance.¶

Deleted: T:\CMD\CMDP\CINDY\Housing Ordinance\6th Draft Employee Housing.doc

"Timely" - is a one year time period that starts when a Certificate of Occupancy is issued for the primary development, or, another time period as approved by the hearing body.

"Very low-income households" are those households with incomes of up to fifty percent (50%) of median income, or as set out in Health & Safety Code Section 50093.

"Workforce Housing" is that which is affordable to very-low, low, or moderate income households.

Section 15.90.030 Minimum workforce housing requirements

- A. This ordinance applies to the following uses: commercial service, commercial retail, industrial, office, recreation, residential, resort, transient lodging, and timeshares.
- B. The minimum workforce housing requirements shall be determined according to the following formulas:

Number of employees ~~required to be housed~~ by the proposed development (as determined by using the applicable factor in Table 1) multiplied by fifty percent (50%)* equals the minimum number of employees required to be provided with workforce housing. For fractions of employees generated, the number of employees ~~shall~~ be rounded up to the next higher whole number.

Fees per employee paid in-lieu of providing employee housing shall be calculated as the difference between the land, construction, financing, and soft-costs of building workforce housing per unit less the affordable sales price/affordable rent for a low-income family of 3 (based on a 2 bedroom unit) . The housing cost gap shall then be divided by 3 (assuming that 3 employees per unit could be accommodated). f. Hearing Body Review. If the housing mitigation plan is accepted or accepted as modified by the hearing body, the relevant elements of the housing mitigation plan shall be included in the applicable approvals for both the proposed development generating the requirement for the employee housing component and, if applicable, the dedicated site, off-site development, or rehabilitation project where all or part of that requirement is proposed to be met.

g. Implementation. The owner of the proposed project must: (1) in the case of land dedication, provide an irrevocable offer of dedication for the dedicated site at no cost to the County or to a developer of affordable housing approved by the County; and (2) in the case of off-site development, demonstrate to the hearing body that the off-site location is and will remain committed to the timely development of the employee units; and (3) in the case of new construction or substantial rehabilitation of rental units, assure that the units will be rent restricted for 30 years with respect to each affordable unit. The commitment of off-site land may be demonstrated through ownership of the off-site location, or through adequate control of the use of the off-site location through joint-ownership, joint venture or other contractual means. If necessary to ensure that workforce housing units are developed or rehabilitated contemporaneously with the proposed project, the County may require the offer of dedication, evidence of off-site control, or commencement of rehabilitation as early as the recording of a final map or issuance of a building, whichever occurs first.

h. Workforce housing units. The minimum workforce housing requirement can be met with either rental or for-sale units. Based upon the number and type (i.e. seasonal or permanent) of new employees generated and the information in the housing mitigation plan, the hearing body may allow dormitory-style housing, in whole or in part, to satisfy the workforce housing requirement.

i. Workforce housing units required by this article shall be deed restricted (subject to subordination if required to a lien credited by a deed of trust) to rental or sales terms and occupancy limitations for no less than thirty years unless specified otherwise in the adopted Housing Mitigation Plan.

With respect to an off-site location, the hearing body may also condition development or occupancy of the proposed project on development or occupancy of the off-site employee units, and the employee housing agreement must apply to and be recorded against both the proposed project and the off-site development.

Section 15.90.055 Employee Housing Incentives

Deleted: T:\CMD\CMDP\CINDY\Housing Ordinance\6th Draft Employee Housing.doc

The developer may request that the County provide incentives as set forth in this Section. The goal of these incentives is to apply available incentives to qualifying projects in a manner that, to the extent feasible, offsets the cost of providing the workforce housing. The ~~hearing body~~ ~~planning director~~ shall respond to that request and make a determination as to a package of incentives ~~requested by an applicant~~.

a). Fee Waivers or Deferrals. Upon application as provided herein, the County shall make available a program of waiver, reduction, or deferral of development fees , and/or administrative fees for employee units. Such a program may include a fifty percent (50%) waiver of development-related application and processing fees for ~~workforce affordable~~ units constructed in connection with a proposed project. This waiver does not include impact fees unless an alternative funding source has been identified. In addition, the ~~hearing body~~ ~~planning director~~ may consider, on a case-by-case basis, the provision of additional incentives as provided by law or in the Housing Element of the Placer County General Plan.

b). Modification of Planning and Public Works Development Standards. ~~The County has adopted design and infrastructure development standards that govern housing development in the County. Upon application as provided herein, the County may modify, to the extent feasible and in light of the proposed uses, those standards which include, but are not limited to: parking, lot coverage, road widths, curb and gutter, and sidewalks. No modification will be considered that may compromise standards relating to public health and safety, drainage considerations or standards resulting from state and federal requirements. For example, water quality requirements resulting from the County's NPDES permit cannot be reduced, nor can standards relating to protection of structures from flooding. Upon application as provided herein, the County may modify, to the extent feasible, in light of the uses, design, and infrastructure needs of the development, standards relating to road widths, curbs, and gutters, parking, lot coverage, and minimum lot sizes.~~

~~c). The allowed residential density for a mixed use project in a commercial zone district shall be based on the gross lot size, without deducting the portion of the site devoted to used for commercial uses buildings.~~

Deleted: Interior Finish Reductions.
Upon application as provided herein, the County may, to the maximum extent appropriate in light of project design elements, allow builders to finish the interior of employee units with less expensive finishes and appliances than market rate units. ¶

~~d). Streamlining and Priority Processing. The planning director may authorize expedited permit processing to the maximum extent feasible consistent with the public health, safety, and welfare and compliance with state and local regulations.~~

Deleted: d). Reduced Affordability time limit. Employee housing units constructed in a timely manner as noted in Section 15.090.050 (5)(g), may have the affordable time period reduced to 20 years. ¶

e). In lieu fee for Fraction Requirement. Projects which construct units on-site may pay a proportional in lieu fee for any remaining fractional requirement.

Deleted: e).

f). Density Bonus. The County shall make available to the developer a density bonus as provided in state density bonus law (Government Code Section 65915) when applicable.

Deleted: T:\CMD\CMDP\CINDY\Housing Ordinance\6th Draft Employee Housing.doc

Market rate units produced as part of such a density bonus do not give rise to an employee-housing component and can be used to satisfy the employee housing requirement if they meet applicable requirements of this ordinance.

Section 15.90.060 Collection and Use of In-lieu Fees

Any monies contributed to the County pursuant to the provisions of this article shall be payable to Placer County for the purpose of providing affordable housing. Payment of the fee shall be made in full prior to the issuance of building permits or recordation of final maps whichever occurs first for the specific development project.

Any fees collected and interest accrued pursuant to this chapter shall be committed to the construction of an affordable housing project within five years after the payment of such fees.

Section 15.90.065 Administration of Affordability Control

Prior to the issuance of certificates of occupancy for affordable units, regulatory agreements and, if the affordable units are owner-occupied, resale affordable housing covenant, deeds of trust and/or other documents, all of which must be acceptable to the Redevelopment Agency and consistent with the requirements of this Chapter, shall be recorded against parcels having such affordable units and shall be effective for at least the period of time required by the approved Housing Mitigation Plan with respect to each affordable unit.
